Subject: FOIA Request EPA-HQ-2018-000905

Dear Ms. Meekins,

Thank you for contacting us about the size of the potential response to Part B the FOIA request EPA-HQ-2018-000905 and asking us if we wished to limit the request. We do wish to limit the request of part B. We would like to replace Part B with the following request (in addition to Part A that was included in the original FOIA request):

- B. All agency records including emails, letters, or other documents which were:
- 1) sent to or received by personnel of the Office of Transportation and Air Quality,
 - 2) between November 8, 2016 and November 15, 2016,
 - 3) containing the phrase "CA waiver," "California waiver," or otherwise concerning the California waiver under the Clean Air Act, and
 - 4) sent to or received from anyone outside the federal government.

Please let us know if that is something that would work.

Sincerely,

Devin Watkins
